Letter no A1-92/44 dated 13-11-44 from the President Hindustan Aircraft Sanitary Board requesting in the circumstances stated Sanction to make use of the services of the Shanbhogues and the Patels of the respective Revenue villages included in the Board area for collection of land building and Shop taxes levied by the Board during the current year as an experimental measure.

1) The President has stated that the village officers of the Revenue villages included in the Board area will be more useful and capable of doing the collection work than newly appointed Bill collectors in the several village scattered about

2) The village officers will have to be paid 3% (to the Shanbhogue and 2% (to the Patel) on the collections made. The patel has not

(b) That President Hindustan Air Graft Sanitary Board has reported that if three Bill Collectors are appointed for collecting the Mohatarfa taxes in the villages included in the Board area, the cost will be ~~Rs~~ Rs. 1152/p.a. at the rates noted in the margin. If the work is entrusted to the Village officers the expenditure in the form of commission to them (at 5%) will be about Rs. 500/-

(7) It appears that only in two out of 28 "Kharak" Villages of the Board, are Shaibhognes living in the Villages. The Village officers are at present entrusted with certain items of work connected with the Food Supply in addition to their Revenue work. These officers have not shown interest or efficiency in the collection of V.P. taxes. It is doubtful if the Mohatarfa tax of the Board will be collected efficiently if the work is entrusted to the Village officers

(8) Having regard to these facts, it would perhaps be better to appoint two Bill Collectors in the first instance, to attend to the work. The cost of having two Bill Collectors will be Rs 768/- p.a.

Sanitary Board area has just been
Completed. If the collection work
has to be done efficiently, it is necessary
that there should be an establishment
which is directly under the control
of the authorities of the Sanitary Board.
The proposed arrangement to entrust the work to
the Chaukidars & Dafadars will not work
well, as these village officers have
plenty of other work to attend to
and will not be available for this
work. Further, they are under the
control of the officers of the Revenue Department.
Added to this, it is stated that, except
in two villages out of 28 chaukidari villages
the Chaukidars live out of the villages.
Having regard to the above facts &
the necessity to make effective
arrangements for the collection of
taxes in this area, two bill collectors
on Rs 20 + 7 D.A. + 5 = C.P. may be appointed
for the present.
From the legal point of view also,
it would otherwise be necessary to obtain
the permission of the Revenue to entrust the
services of the Chaukidars & Dafadars for collection
work under the Sanitary Board. If the
bill collectors are appointed, then the necessity
of consulting the Revenue authorities in
this matter would be obviated.

Hence the proposal to appoint two bill collectors for reasons stated above may be approved

13) The President H. A. S. this work in addition to the work of land accounts & revenue collection: Therefore it has been suggested that the patels who are literate might be entrusted with this work. The patels of four villages out of 31 are reported to be ~~been~~ not quite literate, the Rev. inspectors being made to help such patels by visiting the villages once a week. And by offering commission to patels there will certainly be an incentive to work with a view to earning more commission. Added to this, the patels of all villages in the Anand area being well acquainted with the people & places may be expected to turn out better work than the bill collectors. For these reasons, the Proposal of the R.C. may perhaps be accepted

Sir,

I have the honour to state that it is found desirable to entrust the collection work of building, land and shop taxes in the villages of the Board to the respective patels and Shanbhogues, with a view to minimise the cost of collection. The Village Officers having necessary local knowledge and experience are expected to be more useful and capable of doing the work than newly appointed Bill Collectors in the several villages which are scattered about.

The matter was placed before the meeting of the Board on 12th October 1944 and it was resolved that the scheme might be tried during the current year. A copy of the resolution is enclosed for reference.

In the circumstances, I request that sanction of Government may be kindly obtained for the Board to make use of the services of the Shanbhogues and the patels of the respective Revenue villages included in the Board area for collection of land, building and shop taxes levied by the Board during the current year as an experimental measure and to pay them commission at rates obtaining under the Village Panchayat Act, viz: 3% on the collection made to the Shanbhogue and 2% to the Patel.

President, Hindustan Aircraft
Sanitary Board, Bangalore.

To

C. Narayanaswamy Naidu, Esq., B.A.,B.L.,
Secretary to Government, Law Department,
Bangalore.

Sir,

With reference to your letter No: L.6091 dated 20th December 1944 regarding the proposal to entrust the work of collecting the mohatarfa taxes in the villages included in the Board area to the Village Officers, I have the honour to state that if bill collectors are appointed, the Board requires three Bill Collectors, the cost of whom at Rs. 20/- pay plus Rs. 7/- D.A. and Rs. 5/- C.A. each comes to Rs. 1,152/-,while the commission charges payable to Village Officers, assuming collections to be Rs. 10,000/- will be Rs. 500/- at 5%.

Only in two out of 28 'charak' villages of the Board are shanbhogues living in the villages. With the increased Food Accounts in addition to their revenue work, the Shanbhogue cannot be expected to do justice to this. The Board's collection work may therefore be entrusted to the Patels of the respective villages wherever they are literate and capable of shouldering the responsibility. The Patels of Kodihalli, Bellandur, Byrasandra and Srinivasapura are reported to be not quite literate and those in other villages are reported to be literate and able to manage collection work and issue proper receipts. The Revenue Officer who has visited all the villages has reported that the collection work in villages where the Patels are illiterate may be entrusted to the Shanbhogues except in Kodihalli. He states that the Patel in Kodihalli, though illiterate is influential and that it may be entrusted to him, the Revenue Inspector being made to help the Patel, visiting the village once a week.

8. Letter No:L.6091 dated 20th December 1944 from the Secretary to Government, Law Department, Bangalore enquiring whether it would not be desirable to appoint Bill Collectors instead of Village Officers for collection work.

"In view of the fact that the appointment of Bill Collectors involves heavy expenditure and the collection would be easier if made by the Patels or Shanbhogues, it was resolved that the work may be entrusted to the Village Officers for some time."

NOTE

Out of 31 villages included in the Board 3 are becharak. Of the remaining 28 villages the Shanbhogues are living in one of the villages of the Board in 8 villages only. Both Patel and Shanbhogue are absent from the villages in respect of 10 villages of which 8 are Inam villages.

If Bill Collectors are appointed we require 3 men , the cost of whom at Rs. 20 plus Rs. 7 D.A. plus Rs. 5/- C.A. comes to Rs. 1,152/-. The commission charges payable to village officers, assuming collections to be Rs. 10,000/- will be Rs. 500/-.

It may be seen from the enclosed list, except in 2 villages in all other villages the shanbhogues are absent from the villages. As such with increased Food accounts to be maintained by them, their visits to the villages will be extremely scarce. Thus they will not be able to help collection work much. The maintenance of accounts will have to be done in the office, where ledgers are expected to be maintained. Maintenance of ledgers by the Shanbhogues also will be superfluous.

The collection work can be entrusted to the Patels of the respective villages in all villages of which the Patels are literate. The Patels of all villages except of serial numbers 1,6,21 and 23 are literate and so can manage collection work and issue of proper receipts. If 5% commission is offered to them on their agreeing to work as Bill Collectors to the Board, it would be a greater incentive for them to take more interest. For villages of serial numbers 6, 21 and 23 the respective Shanbhogues can be appointed as Bill Collectors on the same terms.. In respect of Sl.No.1 of which the demand is highest being Rs. 1,521-4-0 the village Patel who is influential though illiterate, can be entrusted with collection responsibility, the Revenue Inspector being made to help the Patel visiting the Village once a week.

Sir,

Subject:- Hindustan Air Craft Sanitary Board - Collection of Mohatarfa taxes - Village Officers - Entrusting of.

With reference to your letter No.L.8657 dated 28th February 1945 on the above subject, I have the honour to state taht the Deputy Commissioner, Bangalore District who was consulted is of opinion that the collection of mohatarfa taxes in the Sanitary Board area may be entrusted to the Village Officers on commission basis for the reasons stated in the letter No.A.C.92/44-45 dated 30th January 1945 addressed to you by the President of the Sanitary Board.

As the Village Officers were attending to this

this work before it was transferred to the Board, I see no objection to entrust the same to the Village Officers on commission basis.

The President, Hindustan Aircraft Sanitary Board, recommends that the work of collecting Mohatarfa taxes in the villages situated within the Sanitary Board area may be entrusted to the Village officers on payment of a remuneration of 5% of the collection. He has suggested that out of the 28 Gharak villages included in the Board area, the Patels of the Villages except those noted in the margin may be entrusted with the work as they are literate and are able to cope with the work. In the three villages, the Shanbhogs are proposed to be entrusted with the work. In regard to Kayamgutta Kodihalli, however, where the demand is the highest, it is suggested that the Revenue Inspector should be asked to assist the Patel by paying visits to the village once a week. This arrangement is said to be cheaper than employing Bill Collectors on a monthly pay.
